# STRAIGHT LINE SEX SYSTEM

By Anthony Hustle, Dedicated to Piece of Fucking Mind

God, grant me the serenity to accept the things I cannot change,

courage to change the things I can,

and wisdom to know the difference.

- *Serenity Prayer by Reinhold Niebuhr*-

**Personal Note:** I make use of the odd swear word in this document. This is not because I want to insult you or others - this is because words such as fuck and shit allow me to make a point. The way to look at my swearing is this: when I swear, I really fucking mean it so you should pay extra attention to those passages. One more thing, sex alone is ultimately not fulfilling. Writing this document (and probably reading it) makes you realize how much of a mechanical mindset is needed to create abundance with women and sex. While it does harden your mind, make sure you get out after you enjoy the fruits of life and stick with one girl that you love. Also, treat women with respect and dignity. They are someone's mother and sister - so treat them like you would like a male suitor to treat your sister (and mother if she is so inclined).

## Why I Wrote this Book

After years of seducing the most attractive girls around the world and teaching it to men that want to create choice and abundance with women, I realized a secret - Albert Einstein was right:

***“If you can’t explain it simply, you don’t understand it well enough.”***

Although my Straight Line Seduction System (hereafter, SLS) is already the simplest system on seducing women out there (at least of the ones that actually get you results), it is a reflection of my own learning process. It is based on my own level of seduction skill and requires others to step up to my plate (or within 50% of my reach, at least). I still believe it is the most effective way of seducing attractive women, but it is not the most teachable. Why?

Because it took me over 10 years to perfect my skill. The way I discovered this truth is by teaching the SLS to 1000s of men. They are doing well - they are doing really well (check out [anthonyhustle.com/story](http://anthonyhustle.com/story) if you want to read what my students are achieving as I am writing). The problem is: they are doing really well, but only if they are dedicating substantial time and effort to mastering SLS. Over time, I discovered a secret. The secret didn’t just drop out of heaven. I discovered it over time, slowly and painfully. Here it is..

I can explain SLS to anybody in simple terms and in a way they will understand it clearly. So I passed Einstein’s test. But that doesn’t mean a student can apply it easily. While Einstein was right, Napoleon Hill was more right:

**“Knowledge has no value except that which can be gained from its application toward some worthy end.”**

The secret is that the following: to have a novice seducer create abundance with women fast, SLS needs to be reduced to its core principles. And this is what I did: I applied Occam's Razor: I made the system as simple as possible, but not simpler. The quote that is most relevant to the situation at hand is Leonardo Da Vinci' - he really got it right:

***“Simplicity is the ultimate sophistication.”***

That's the secret and so I went to work: I reduced SLS to its most basic principles that allow men to get laid and then I let my students test it out. The results were mind-boggling!

The new system did the job - it passed with flying colors: in a nutshell, the results showed that the new simple system allows a novice seducer to create abundance with women and sex within 11 days, predictably. It's bulletproof.

The reason for such outstanding results is as simple as it is powerful: the new system requires very few lines and moves to learn and those lines and moves are repeated over and over again. So it's not only simple to learn and remember, but, most importantly, it is extremely simple to apply. It requires no previous

knowledge or experience, no creativity, no improvisation and no special verbal acrobatics. Everyone can do it from 16 year olds to 60 year olds. How simple is it? Well, if you can tell a girl: “I want to push you against the wall and fuck you silly” you reached “mastery level”. My own goal with this new system was to get you success with the girls you want. And that’s what I did. How do I define success?

Learning how to get laid with an unlimited amount of attractive women, predictably and forever, within 11 days. I named the new system: **Straight Line Sex System** (hereafter, SSS).
